for Business Broadband customers who joined or upgraded on or after 16 June 2023.

If User(s) would like a copy of these Terms in an alternative format (e.g., Braille or large print) please contact Three Customer Services on 337 from a Three Phone or 0800 0338033 from a non-Three phone. For more information on Three's accessibility services please see [Three.co.uk/accessibility](https://www.three.co.uk/accessibility)

Quick Summary

Key points that Customer should be aware of when using Business Broadband are set out in this summary. The full Terms and Conditions are below. Please read the full Terms and Conditions before using Business Broadband. If there is any inconsistency between this summary, and the full Terms and Conditions, the full Terms and Conditions will apply.

- A **What these terms cover:** The Service provides Customer with the ability to access the Internet from any of its Users' devices using the Equipment that Three provides to Customer, and eero devices where applicable. These terms cover how Customer may use the Services and the Equipment, and eero devices where applicable. Additional terms can also be found in the Business Broadband Price Guide as well as in other documents about Three's Services.
- B **Using Three Services:** By plugging in or permitting a User to plug in the Equipment and use eero devices (if applicable), Customer is expressly requesting that Three provide Customer and/or Users with Three Services in accordance with these Terms and Conditions.
- C **Returns:** If Customer contacts Three within 30 days from the date Customer received the Equipment, Customer may cancel this Agreement. Customer will need to send the Equipment and eero devices (if applicable) back to Three (undamaged and in its original packaging including any supplied SIM Cards, leads or accessories). Please note that regardless of route of purchase, the Returns Period does not apply where a Business Customer: (i) upgrades an existing Plan; (ii) changes an existing Plan; or (iii) moves from a Three consumer plan to a Three business plan. For more information, see Sections H, I, 10 and 13.
- D **Minimum Commitment:** Customer agrees to receive the Service for the Minimum Term. The minimum price for the Service provided under this Agreement is the Monthly Charge for the Minimum Term.
- E **Annual Price Increase:** From April 2024, the Monthly Charge will increase by 4.5%. An example of how this increase will work is set out in Table 1 below. For more information, see Section 3.1.

Table 1

Monthly Price until March 2024	Monthly Price from April 2024 to March 2025	Monthly Price from April 2025 to March 2026
Price A	Price A plus 4.5% (= Price B)	Price B plus 4.5% (= Price C)
Please see an example below, showing how this would work, if Customer's Monthly Charge is £30.		
£30.00	£30 + £1.35 (4.5% of £30.00) = £31.35	£31.35 + £1.41 (4.5% of £31.35) = £32.76

- F **Changes:** If Three makes any changes to the Charges, the Three Service or Additional Services and if Three believes those changes give Customer a right to terminate the Agreement, Three will notify Customer at least 30 days in advance of such changes being made. See Section 3 below.

- G **Three Network:** Three will try to provide Customer with a great quality Three Network at all times within Three's coverage area. However, due to the nature of mobile technology, there may be times when Three Services aren't continuously available, or the quality is affected. Problems can happen if Three is carrying out maintenance work.
- H **Suspending or Ending this Agreement:** Three may suspend or disconnect the Service if Three reasonably believes that Customer hasn't complied with certain terms of this Agreement, but Customer still must pay all outstanding Charges (including a Cancellation Fee for disconnection). See Sections 12 and 13.

How Customer can end this Agreement depends on whether Customer is in its Minimum Term or not, and whether Three has made any changes to the Agreement that are likely to impact the Three Services Customer receives. Please see the below Table 2 for a summary of how and when Customer can end this Agreement. The Cancellation Fee will be the total of the Monthly Charges remaining during the Minimum Term for each applicable Three Service. Please note that regardless of route of purchase, the Returns Period does not apply where a Business Customer: (i) upgrades an existing Plan; (ii) changes an existing Plan; or (iii) moves from a Three consumer plan to a Three business plan.

- 2.8 Subject to Section 13, if Customer's Package has a Minimum Term, Customer agrees to remain Connected to Three for that Minimum Term. If Customer's Package doesn't have a Minimum Term, or the Minimum Term has ended, Three will continue to supply Customer with Three Services until either Customer or Three chooses to end the Agreement in any of the ways set out in Section 13.

3. Changes to the Agreement or prices

- 3.1 The Monthly Charge will be subject to an annual increase of 4.5% from April 2024. The annual increase will first appear on Customer's April bill. An example of how this may impact Customer is set out in the Quick Summary above.
- 3.2 In addition to Section 3.1, Three may change any of the terms of this Agreement, including the Packages or Charges, as follows:
- (a) Three may discontinue or amend Customer's Package or the Three Services in which case Three will let Customer know no less than 30 days in advance (unless otherwise provided in this Agreement);
 - (b) Three may need to change or introduce new Charges in respect of Ancillary Services or Additional Services and will publish these on the Three website;
 - (c) where permitted or required to comply with Applicable Law;
 - (d) as a result of any changes to services or increases in charges imposed on Three by third parties e.g. changes to roaming costs or international call costs, where such changes are related to the costs/price increases charged to Three by wholesale partners or providers; and/or
 - (e) where a change is, in Three's reasonable determination, required to maintain or improve the quality or security of the Three Services.
- 3.3 Other than in respect of:
- (a) a change to the Monthly Charge in accordance with Section 3.1;
 - (b) changes under Section 3.2(d) (unless Customer is materially disadvantaged by such changes and Three notifies Customer in accordance with Section 3.4); or
 - (c) changes to Ancillary Services which Customer has not opted to receive;
 - (d) changes to an Additional Service which is offered as an optional service for a minimum terms of no more than 30 days;
- where any proposed changes to the Agreement impact the Three Services Customer receives from Three under this Agreement are not:
- (a) exclusively for Customer's benefit;
 - (b) of a purely administrative nature that has no negative effect on Customer or Users; or
 - (c) directly imposed by law e.g. changes to VAT
- Three will notify Customer of such proposed changes at least 30 days in advance of the proposed changes taking place.
- 3.4 Where Three makes changes under Section 3.2(d) which, in Three's reasonable determination are likely to materially disadvantage Customer or Users, Three will notify Customer of such proposed changes at least 30 days in advance of such proposed changes taking place (which shall be no more frequently than once per month).
- 3.5 Subject to Section 3.6 below, where Three has

provided Customer with notice under Section 3.3 or 3.4 above, Customer can, following receipt of any such notice and if such proposed changes are not acceptable to Customer, terminate this Agreement by giving notice to Three Customer Services within that 30 day period.

3.6 If Customer or Users carry on using Three Services after the 30 day notice period provided in accordance with Section 3.3 or 3.4, Customer will be deemed to have accepted the change, and will not be able to subsequently terminate the Agreement.

3.7 If Customer terminates the Agreement in accordance with Section 3.5 during the 30 day notice period provided by Three, no Cancellation Fee will be applicable to such termination. If Customer terminates the Agreement for any other reason during the Minimum Term, a Cancellation Fee may be payable (as detailed in Section 13.1).

4. What Three will provide to Customer.

4.1 Three will open an account for Customer and provide Customer with a SIM and the Equipment.

4.2 Three owns each SIM and each SIM remains Three's property at all times. Customer and Users are being allowed to use the SIM on a limited licence to allow Customer to access Three Services. Three may recall the SIM at any time and Customer can only use the SIM to obtain the Service in accordance with the terms of this Agreement.

4.3 Each SIM can only be used in Equipment which is authorised by Three for Connection to the Three Network. If Customer or Users try to use the SIM in another device, it may damage the device and affect usage. In these instances, Three is not responsible for any such damage or usage problems. Should Customer or Users remove the SIM from the Equipment and use in a mobile device Customer will be charged in accordance with Three's standard mobile broadband Charges as set out in the Three Business Price Guide.

4.4 If Three determines in its sole opinion that Customer's or Users' use of the Three Services either exceeds that reasonably expected of someone using the Service or materially affects other users' enjoyment of the Service, or has an adverse impact on the Three Network, then Three will by written notice, give Customer a 14 day period in which to reduce usage levels to those reasonably expected of a person using the Service. If usage activity has not decreased within the 14 day notification period Three may at their discretion terminate, suspend or restrict Customer's Three Service. Three will try to tell Customer when Three suspends or restricts the Three Service but Three does not have to.

4.5 The software in the Equipment and all intellectual property rights in that software are owned by the Equipment manufacturer and Customer and Users are being allowed to use the software on a limited licence from the manufacturer.

4.6 If Customer has selected eero devices, Three will provide Customer with: (a) two eero devices, which Customer will own at the end of the Returns Period; and (b) a 24 month subscription to the eero secure

application which Customer must download:
<https://eero.com/app>.

Three Services

- 4.7 Once Customer or User is Connected to Three, Three will provide Customer and Users with access to Three Services.
- 4.8 It is Customer's responsibility to ensure that any Equipment is only used to access the Three Services as allowed in this Agreement.
- 4.9 User(s) will be able to upload and send their own content using Three Services. Customer grants Three an irrevocable, royalty free, perpetual and worldwide licence to store, transmit or otherwise deal with any content Customer or Users upload on Three Services.
- 4.10 Three:
- (a) may change or withdraw some, or part, of Three Services from time to time. This may be because of changing technologies, obsolescence, new or different product features, changing content providers or the need to remove, replace or change content. Depending on the changes that Three makes, Customer may have a right to end this Agreement, as explained in Sections 3 and 13.1.
 - (b) may also determine how Three Services are presented and delivered to the Equipment or are otherwise made available to Users. Three can change the way they are presented, delivered or otherwise made available to Users at any time;
 - (c) may implement measures to manage the traffic across the Three Network in exceptional circumstances to prevent impending network congestion and/or mitigate the effects of any exceptional or temporary network congestion. Three may also implement traffic management measures in order to meet its legal obligations, preserve the integrity and security of its networks, services, or terminal equipment and to ensure an enjoyable internet experience for the vast majority of its customers. For details see Three.co.uk/trafficsense. Three reserves the right to review and amend any such measures from time to time.

Coverage and Broadband speeds

- 4.11 Three's advertised and estimated maximum upload and download speeds for its broadband internet services, provided as part of the Three Services, are set out in its estimated broadband speeds table, available at: www.three.co.uk/broadband-speeds
- 4.12 Three does not guarantee that Business Broadband will achieve any specific speeds. The speeds achieved by Business Broadband will depend on factors such as a User's geographic location, the type of walls and windows in Customer or User's building, the number of people using the network, the external environment, and the correct setup of the Equipment or eero devices (if applicable).
- 4.13 Three may implement measures to manage the traffic across the Three Network in exceptional circumstances to prevent impending network congestion and/or mitigate the effects of any

exceptional or temporary network congestion. Three may also implement traffic management measures in order to meet its legal obligations, preserve the integrity and security of our networks, services, or terminal equipment, or to provide Customer with any particular services it has requested. For more information on traffic management on our network, please visit: http://support.three.co.uk/mobiledocs/Support/Signal_and_coverage/our_network/TrafficSense_facts_document.pdf

- 4.14 The variability of the download and upload speeds achieved, and the technology used to access the broadband services, may affect Customer or User's experience of the Services and Customer's ability to access and distribute information and content, and use and provide applications and services.
- 4.15 In the event that Users experience continuous or regularly recurring disruption to the broadband services Customer may be entitled to a price reduction based upon the period of the disruption, in accordance with Section 4.18.

Disruption to Three Services

- 4.16 Due to the nature of mobile telecoms, there may be situations when Three Services aren't always available, or the quality or network speeds are affected and so Three cannot guarantee continuous fault-free service. For example: (a) when Three needs to perform upgrading, maintenance or other work on the Three Network or Three Services; (b) when Users are in areas not covered by the Three Network. In this case, Three Services relies on other operators' networks, over which Three has no control; and (c) because of factors outside Three's control, such as legal or regulatory requirements, lack of capacity, interruptions to Three Services from other suppliers, faults in other communication networks, the weather or radio interference caused by hills, tunnels or other physical obstructions.
- 4.17 For more information about coverage see Three.co.uk/coverage. Customer has the right to change its mind and return the Equipment (and eero devices if applicable) within the first 30 days of receipt of the Equipment.
- 4.18 If a User experiences continuous or regularly recurring disruption to Three Services (such as where Customer's access to Three Services is limited or unavailable) Customer may be entitled to a price reduction based upon the period of the disruption. This may take the form of a partial or full credit or a refund of Customer's Monthly Charge. To receive a credit or refund Customer will need to report to Three a disruption on the Three Network in order that Three may investigate Customer's concerns, consider the extent to which the User uses the Three Services in question and measure the disruption against Customer's typical usage history. An alternative means of accessing the disrupted Three Service (for example, using Three InTouch Wi-Fi Calling or Home Signal) must also be unavailable to User.

Goodwill gesture or credit

- 4.19 Unless otherwise stated to Customer in writing, if Three apply a monetary goodwill gesture or credit to Customer's account during the course of the Agreement, such monetary goodwill gesture or

credit may not be redeemed for cash and may solely be redeemed against Customer's use of Three Services.

5. Personal Security

- 5.1 As Three owns the SIM and it remains Three's property at all times, Customer must ensure, and must ensure that Users keep it safe and secure whilst it's in Customer's possession and Customer must ensure that Customer is able to return it to Three, if required. Three may charge Customer for any replacement SIM (as set out in the Price Guide).
- 5.2 Users must keep all PINs and passwords secure and confidential. Customer is also responsible for keeping the Equipment secure. Customer must also keep any PINs or passwords for any service accessed through its Equipment secure and confidential. Users should immediately change their PIN or password if they become aware that someone is accessing Three Services on Customer's account without Customer's permission.

6. Use of Three Services by Customer

- 6.1 Customer shall, and shall procure that Users will only use Three Services:
- (a) as set out in this Agreement; and
 - (b) for Customer's and Users' own personal use. This means Customer and Users must not resell or commercially exploit any of the Three Services or Three's content.
- 6.2 The Business Broadband Service is a domestic service and roaming will not apply. Three is supplying Customer with indoor Equipment for business use at the address provided. Should Users roam with Equipment Customer will be charged in line with Three's current Mobile Broadband plans pricing in the relevant Price Guide (available at www.Three.co.uk/priceguide)
- 6.3 Customer or its Users must not use Three Services or the SIM or allow anyone else to use Three Services or the SIM for illegal or improper uses. For example:
- (a) for fraudulent, criminal or other illegal activity;
 - (b) in any way which breaches another person's rights
 - (c) including copyright or other intellectual property rights;
 - (d) to copy, store, modify, publish or distribute Three Services or their content, except where Three give permission; to download, send or upload content of an excessive size, quantity or frequency. Three will contact Customer if a User's use is excessive;
 - (e) in any way which breaches any security or other safeguards or in any other way which harms or interferes with the Three Network, the networks or systems of others or Three Services; or to use or provide to others any directory or details about Three customers.
- 6.4 Three Services may only be used for legitimate business purposes and in the manner intended as set out in this Agreement. As an example,

without limitation, unacceptable or prohibited activity includes multiple people using an individual unlimited SIM. Three consider that if Customer/Users regularly use multiple devices with one SIM this is unlikely to be legitimate use as intended under the terms of this Agreement.

- 6.5 If Three determine in Three's sole opinion that Customer or Users use of the Three Services is in breach of the terms of this Agreement and/or exceeds that reasonably expected of someone using the Three Services for legitimate business use, then Three will notify Customer that usage must be modified within a 14 day period, failing which Three may suspend or restrict the Three Service(s) or transfer Customer to a more suitable plan where available. Three will attempt to inform Customer should this action be taken but does not have to.
- 6.6 Customer must always co-operate with Three and follow Three's reasonable instructions to ensure the proper use and security of Customer's account. This includes (but is not limited to) any instructions from Three to update the settings on Customer's Equipment and any instructions regarding the use of Customer's Package, as set out in the Price Guide (available at www.Three.co.uk/priceguide).
- 6.7 If anyone makes, or threatens to make, any claim or issue legal proceedings against Customer or Users relating to Users' use of Three Services, Customer will, notify Three of this immediately and, at our request, immediately stop the act or acts complained of. If Three asks Customer to, Customer must confirm the details of the claim(s) in writing.
- 6.8 Three has published an Acceptable Use Policy which provides more details about the rules for use to ensure that use of Three Services is not excessive, to combat fraud; and where Three Services Three offers or may introduce certain rules to ensure they can be enjoyed by all Three's customers. The policy is available on Three's website and may be changed from time to time. Nothing in this section limits Three's rights and remedies (available at law or in equity) in any way with respect to any breach of this Agreement.

Responsible use - use of Age Restricted Services

- 6.9 Users under 18, are not allowed to access Age Restricted Services. Users who are 18 or over who access the Age Restricted Services, must not show or send content from the Age Restricted Services to anyone under 18. Users must also ensure that they have deactivated any access to Age Restricted Services if they let anyone under 18 use its Device. Customer must ensure a User is 18 or over before requesting access to Age Restricted Services.
- 6.10 Customer accepts that Three cannot control access to age restricted services obtained over WiFi.

Responsible use - use of Three Services outside the UK

- 6.11 Users may accidentally roam if they are in an area close to national borders because the Equipment picks up a network signal across the border. If this is the case, with the exception of Northern Ireland Customer may be charged as if User is roaming on an international network. Three accepts no responsibility for information processing when it leaves Three's

control.

7. Payment

- 7.1 Customer must pay Three all Charges in connection with all Three Services which are accessed using the SIM Customer supplies. Customer must pay the Monthly Charge, whether or not the Three Services are used by Users or by another person, with or without Customer's permission. If Customer's SIM and/or Equipment is lost or stolen Customer remains responsible for all the Charges to Customer's account until Customer tells Three what happened and arrange for Customer's SIM and/or Equipment to be deactivated.
- 7.2 Three will send Customer a bill on a periodic basis and this will usually be done monthly. However, Three may change this period, and on no less than 14 days' notice.
- 7.3 Customer's bill will normally include Customer's Monthly Charge for Customer's Package for the next billing period and any administration fees and Additional Charges.
- 7.4 Three will provide bills online. Total Charges on Customer's bill are shown inclusive of VAT (where appropriate).
- 7.5 Customer must make payment by the due date and by one of the payment methods stated on Customer's bill. If Customer chooses to pay by a Recurring Payment Method, Customer will benefit from a monthly discount (as set out in the Price Guide. See also Section 7.8). However, Three may also submit an interim bill or require an immediate payment if Three thinks Customer has exceeded a reasonable limit on Customer's account. Customer's bill will state the amount of the Charges due from Customer and the due date by which Customer must make payment. If Customer fails to pay its account on time, Customer will be breaking this Agreement and Three may Suspend or Disconnect Customer. In this case, Customer will have to pay any outstanding Charges. Three may set a credit limit on Customer's account. If Customer exceeds the credit limit Three sets, Three may Suspend any or all of the Three Services Customer uses until Customer has made a payment to the account. Customer should not use the credit limit for budgeting as the amount Customer owes isn't capped or limited by any credit limit Three sets.
- 7.6 Three will notify Customer at least 30 days in advance of any change in Customer's payment date.
- 7.7 Three may need to take legal or other collection action against Customer for non-payment of Charges. This could mean Customer has to pay Three's reasonable costs and expenses, or the reasonable costs and expenses of our assignees, including legal and administration costs. Interest will accrue on any sum due under this Agreement each day at 4% a year above the Bank of England's base rate from time to time, but at 4% a year for any period when that base rate is below 0%.
- 7.8 Three's plans' pricing include a discount for paying by direct debit. Three cannot prevent Customer from cancelling a direct debit, and if a direct debit is cancelled, Customer is still required to pay bills by the due date. In order to maintain this discount, Customer must continue to have a valid direct debit or other

Recurring Payment Method in place. If Customer does not have a Recurring Payment Method in place, and pays Three by other means, Customer will not benefit from the discount. Please see the Price Guide for further details of the discount amount and Recurring Payment Methods Three accepts.

8. Customer's Rights – Complaints

- 8.1 If Customer is unhappy about any aspect of Three Services, Customer should contact Three Customer Services with written notice of the complaint which sets out the full facts and includes relevant documentation.
- 8.2 Three will investigate any complaint in accordance with its customer complaints policy, after which Three will contact Customer with the results. A copy of Three's customer complaints code can be viewed on Three's website at [Three.co.uk/complaints](https://www.three.co.uk/complaints) or Customer can request a copy by contacting Three Customer Services. If Three are unable to resolve Customer's complaint, Customer may, depending on the nature of the complaint, be entitled to ask Communications Ombudsman to consider the complaint. Their website address is <https://www.commsombudsman.org>

9. Equipment

- 9.1 Three will provide Customer with the Equipment needed to use the Three Service, this includes all cables needed for the hub to work and a SIM card in order to access the Three Service. Where applicable, Three will also provide the eero devices.
- 9.2 The Equipment provided by Three remains Three's property at all times. All SIM cards also remain Three's property at all times.
- 9.3 Three and its suppliers retain title to and ownership of the software and Equipment provided to Customer and all intellectual property rights in the Equipment and software. Three may need to alter or replace Equipment from time to time. For Three to do this, Three will need Customer to follow Three's reasonable instructions if Three sends Customer replacement Equipment, for example where Three needs to upgrade the Equipment for security or performance improvements. Customer is responsible for making sure that the Equipment is safe and used properly at all times. To do this, Customer agrees to do the following: (a) follow the manufacturer's instructions and any other reasonable instructions Three has given Customer; (b) keep the Equipment under Customer's control (for example, Customer may not sell it, lend it or hire it out to anyone else, put it up as security for a loan or mortgage, or allow it to be seized under any legal process against Customer); (c) insure any of the Equipment against any loss, theft or damage for the full replacement value; (d) not tamper with disassemble, misuse, neglect or damage the Equipment; (e) not remove, tamper with or cross out any words or labels on the Equipment; and (f) take proper care at all times to try and prevent the loss or theft of Equipment.
- 9.4 Customer agrees to tell Three as soon as possible about any loss or damage to any part of Three's Equipment. Customer should do this by contacting Three Customer Services. Customer agrees that

Customer is responsible for any loss of or damage to the Equipment, regardless of how it happens, unless it is Three's fault. Three will charge Customer for any loss of or damage to any Equipment or SIM that Customer is responsible for.

- 9.5 Customer will have received certain software in the Equipment at the point of activation of the Three Service, and other software programs Three may deliver to the Equipment from time to time, which the Equipment will automatically accept. Customer may use this software solely in executable code form and solely in conjunction with the Equipment. Customer must not use any unauthorised software on the Equipment.
- 9.6 If Customer has purchased eero devices, the eero devices will belong to Customer following expiry of the Returns Period.

10. Returning Equipment

- 10.1 Customer must return any item of Equipment that:
- (a) Customer is returning because they have notified Three that Customer wishes to cancel the Service under within the Returns Period (see Section 13); or
